### Why The Name Saint Francis?

Saint Francis is the patron saint of animals. He lived around 1200 AD and set an example of how to care for animals and the environment. His compassion towards animals is what we strive to provide to our patients.

## Our Veterinarians

### Dr. Sarah D Schug

Dr. Schug grew up in Ohio as one of 13 children who all worked at her father's veterinary practice. She graduated from The Ohio State University College of Veterinary Medicine in 1995.

She worked in veterinary practices in New York, Ohio and North Carolina after graduation. She worked as a dog and cat veterinarian, as a head veterinarian at an SPCA spay-neuter clinic, as a technical service veterinarian for Novartis Animal Health, and as an emergency veterinarian. She loves bringing all that experience together to help her patients and clients experience compassionate, practical affordable care.

Dr. Schug has 2 grown children, Sam and Maddie, who live in North Carolina. She is engaged to Dr. Cripps.

### Dr. Christopher J Cripps

Dr. Cripps grew up in New Hampshire and graduated from Cornell University with a BS in Animal Science in 1991. He graduated from The Ohio State University College of Veterinary Medicine in 1995.

Since graduation, he has worked at Battenkill Veterinary Bovine, PC in Greenwich as a dairy and farm animal veterinarian. He continues there as one of the managing partners, and helps with the business management at Saint Francis Veterinary Hospital.

Saint Francis Veterinary Hospital, PLLC

## Saint Francis Veterinary Hospital, PLLC

Dr. Schug's dream was to own her own veterinary hospital in a small town. With financing from Glens Falls National Bank and the Small Business Association and advice from the Service Corp of Retired Executives, the doctors made a business plan, purchased the site, and renovated the building. The hospital opened in August 2009.

Dr Schug and her friendly staff look forward to meeting you and your pets and providing compassionate, practical and affordable veterinary care.

Call to set up an appointment or to take a tour of the hospital. See our state of the art dental unit, surgery suite with electronic vital sign monitors, gas anesthesia, diagnostic and X-ray equipment.

## Why Choose Us

- ◆ Compassionate, practical and affordable veterinary care for dogs and cats
- ◆ Affordable spays, neuters and dentals
- ◆ Reasonably priced medications, heartworm pills and flea products
- ◆ See the same doctor and staff at each visit for a personal touch
- ◆ Quiet and padded lift table for exams with built in scale
- ◆ 30 minute appointments—with no rushed feeling
- ◆ Treatment options tailored to your and your pet's individual needs
- ◆ Convenient scheduling—Open 8 to 6 every weekday
- ◆ Emergency service provided most nights and weekends
- ◆ Most pets go home at the end of the day after surgery
